VOL. XIII GLENDALE, (LOS ANGELES POSTOFFICE), LOS ANGELES COUNTY, CAL., SATURDAY, AUGUST 17, 1918 295

EXEMPTION BOARD

MEN ATTAINING MAJORITY SINCE JUNE 5 MUST REGISTER AUGUST 24

Mrs. Jackson, Chief Clerk of the local Exemption Board, reports that of the 1950 men registered in this district by the Board in 1917, 499 are in service.

Chairman Lanterman is enjoying a vacation at Hermosa Beach, where he can be near his fellow Board member, Mattison B. Jones, for consultation.

The Board has just received a long telegram from Adjutant General Borree at Sacramento relative to the registration August 24th of men who have attained the age of 21 since June 5th, 1918. The telegram says, among other things:

"This registration must not be confused with the larger registration to be made in September in pursuance of legislation now pending before Congress. You will please give the widest publicity through the newspapers and other channels to this registration in order that those required to register may have ample notice."

The telegram also states that the same regulations which governed the registration of June 5, 1918, will apply to this one.

In view of the small number of men to be registered at this time, the Board is of the opinion that only one registration place will be required for this district and the men liable to this call will probably be instructed to present themselves at the new Exemption Board headquarters in the City Hall on Broadway near Glendale avenue.

The Board has also received some new blanks and circulars from Sacramento. They include a printed certificate to be filled in with the name of the registrant, who may be appointed to act as leader or assistant leader of a contingent of drafted men en route to mobilization camps, who is charged with the enforcement of the regulations governing drafted men en route during such a journey, and directing all men to obey his lawful orders. It is signed by Provost Marshal Crowder.

There is also a printed copy of the regulations governing drafted men en route to mobilization camps; also extracts from "Articles of War," reciting the penalties for disrespect towards superior officers, for insubordinate conduct toward non-commissioned officers, for quarrels, frays and disorders, instruction relative to the maintenance of good order and the redressing of wrongs, and relative to the redress of injury to person or property.

PROTECTION FOR AUTO OWNERS

That automobile thieves keep close watch on agencies and follow the purchasers of new cars is the latest revelation made by Detective John Powell, head of the Theft Bureau of the Automobile Club of Southern California, and fearless enemy of the "Gas Raffles." Powell urges owners of new cars to make a complete list of all part and body numbers and other marks of identification before leaving the salesroom floor with their purchase.

In a recent case reported to the authorities, a woman purchased a medium-priced car and drove from the agency to the office of an insurance company. Emerging in about five minutes with the insurance inspector to take the identification numbers necessary to filling out a policy, the luckless lady found that her car had disappeared. She knew nothing of it except the name of the make and the law can do but little for her.

The Automobile Club of Southern California has prepared a special identification record blank that will be furnished free to all motorists at club headquarters. In addition to the stock identification numbers owners of cars are urged to secure a set of number dies and stamp some distinctive pattern on several obscure spots of the chassis as an extra precaution.

Detective Powell of the Auto Club has suggested to the leading machine and part manufacturers that the practice of placing numbers on detachable metal plates be discontinued and that the markings be made in solid steel or iron with the use of dies. The modern auto thief has a complete supply of such number plates and can disguise a car in a very few minutes.

Ask your neighbors to subscribe for the Evening News instead of reading your paper. The more subscribers, the better will be the paper. There will be some mighty interesting election news in the local daily paper between now and November 5.

WAR'S COINCIDENCE

SERGEANT LEGGE OF VIRGINIA CONVEYS MESSAGE FROM KENETH BARAGER IN FRANCE

Mr. and Mrs. J. A. Legge have recently had the reading of interesting letters from their brother, Sergeant Withrow Legge, who was graduated from a military school before the war and entered the service when the United States got into the fray. He has been sent across to take three months' training "over there," after which he will be returned to act as instructor in a camp here.

In his letters he tells of meeting in France a group of American boys at a ball game to whom he told in answer to their inquiries that he was from Virginia but that he had a brother in California. "What is his name?" queried one of the boys.

"John Legge," Withrow answered.

"The one who married Emma Pulliam?" was the next question. The questioner then explained that he was Kenneth Barager, and asked Sergeant Withrow to convey his kind remembrances to his brother and Mrs. Legge and tell them he was getting along splendidly. Kenneth Barager used to be a Glendale boy.

The Sergeant writes that he is stationed about ten miles back from the firing line, and that the boys couldn't be better taken care of. The French women are so grateful to the Americans that they insist on doing their mending and washing, and incidentally teach them French.

In connection with some stories of the good work of the Y. M. C. A., he says that a rich French Count who has lost two sons in the war until he has but one left, has given the use of his big chateau to the Y. M. C. A. for the duration of the war. It overlooks the river and it would be hard to imagine a more beautiful place. It is exquisitely furnished and everything has been left for the comfort and pleasure of the boys, so it makes a real home for them.

Sergeant Legge also writes that as far as tobacco is concerned their friends need not worry as they get a regular amount once a week of any sort they want, even to chewing tobacco. One thing which is scarce is chocolate and they have to pay ten cents for a small piece.

Mr. Legge has another brother, Dr. Kenneth Legge, who is a surgeon on a transport. He was formerly attached to Admiral Winslow's flag ship, which makes tours of inspection of the ports. As he was anxious to get into war service he got himself transferred to his present post, which takes him back and forth across the Atlantic. He hopes eventually to be stationed across the water.

COMFORT KITS

Miss Coral Griffith, Chairman of Aviators' Vests and Comfort Bags for the Glendale Red Cross Chapter, reports that a new pattern for Comfort Kits has just been received from headquarters and also a new list of the articles it must contain.

The work of the Chapter will hereafter be done under regular allotments. As soon as an allotment is received for bags, Miss Griffith and her co-workers will get busy. Meanwhile she is studying out the directions, which call for a receptacle which folds up, made of material 18x36 inches in dimension, with the pockets on the inside and an American flag stitched on the outside. It must contain a great many more articles than have been included heretofore. The list as furnished by headquarters includes:

Thread, heavy white and waxed, also khaki colored, wound on cards.

6 khaki colored buttons for coats and 6 khaki colored buttons for shirts, also 6 white buttons for underwear.

Needles of assorted sizes and sewing wax.

Tobacco and pouch.

Tooth powder in tin container and tooth brush.

Folding knife and spoon.

Soap in metal or celluloid box.

1 wash cloth.

Black safety pins and 6 khaki colored patent trouser buttons.

Shaving soap, shaving brush, and comb in metal case.

Mirror.

Playing cards or games.

Pipe and cigarette paper.

Mouth organ.

Safety razor and blade.

Writing material consisting of tablet, pencil and envelopes.

Two or three khaki-colored handkerchiefs pinned outside the writing materials pocket.

Heavy socks, hand-made or machine knitted.

WEATHER FORECAST—Fair except cloudy or foggy along the coast tonight or early tomorrow morning. Westerly winds.

DIAMOND ROBBERY IN L. A.

JEWELS AND MONEY THAT MAY TOTAL SEVENTY-FIVE THOUSAND DOLLARS IN VALUE TAKEN THIS MORNING

(Special Service to Glendale Evening News)

LOS ANGELES, August 17.—Diamonds and money that may total $75,000 in value when a check of the losses is completed were stolen this morning from the safe of the Donovan-Seaman Jewelry company here.

It is believed that the robbers entered the store, waited their chance and when the clerks were not looking, filled a suit case with valuable and escaped by a rear entrance.

FRENCH REACH ROYE AND LASSIGNY

GERMANS PREPARE TO EVACUATE ENTIRE SALIENT AND WILL CONSTRUCT ANOTHER "HINDENBURG LINE"

(Special Service to Glendale Evening News)

LONDON, August 17.—Early reports from the battle front today showed the French to be within a mile of both Roye and Lassigny. They have captured Camp de Gar, a mile west of Roye, the median trench and Pless de Roye, a mile southwest of Lassigny. Many prisoners and quantities of materials were taken.

It is reported that the Germans are now preparing for the evacuation of the Roye, Noyon and Lassigny salient and are engaged in constructing another "Hindenburg line."

General Haig's report this morning recorded progress by the British north of Roye and north of the Ancre, particularly around Merris.

The Germans continue sharp artillery firing in Flanders.

Paris reports indicated that the French had reached the eastern borders of Loges wood and had repulsed strong German attacks at two points in that vicinity.

1,450,000 TROOPS IN EUROPE

GENERAL MARCH TELLS SENATE MILITARY COMMITTEE THERE WILL BE 3,300,000 BY NEXT JUNE

(Special Service to Glendale Evening News)

WASHINGTON, August 17.—Chief of Staff General March today told newspaper men that 1,450,000 troops are now in France, Italy, Siberia, Russia or en route. He said that hereafter all announcements concerning the numbers shipped would include those sent to all fronts.

It is understood that General March told the Senate Military committee that he intends to have 3,300,000 men in Europe by next June.

General March warned that the casualty lists may be long in the next few weeks as a result of the recent severe fighting.

He said it had been necessary to order many high officers home as a result of their strenuous labors.

I. W. W. TRIAL GOES TO JURY

DEFENSE ATTORNEYS WAIVE ARGUMENT IN CASE OF A HUNDRED CHARGED WITH SEDITION

(Special Service to Glendale Evening News)

CHICAGO, August 17.—The trial of a hundred Industrial Workers of the World charged with sedition suddenly went to the jury this morning when the defense attorneys waived argument.

NEW HAMPSHIRE SENATOR DEAD

GALLINGER, FIVE TIMES ELECTED TO SEAT IN UNITED STATES SENATE, DIED TODAY

(Special Service to Glendale Evening News)

FRANKLIN, N. H., August 17.—U. S. Senator Gallinger of New Hampshire died today aged 81. He had been suffering for several months with heart disease.

He was first elected Senator in 1891 and was four times re-elected.

SUBMARINE ACTIVE

NINE MISSING FROM TORPEDOED BRITISH STEAMER MIRLO—AMERICAN SCHOONER SUNK

(Special Service to Glendale Evening News)

WASHINGTON, August 17.—The Navy department today announced that the British steamer Mirlo was submarined yesterday off Cape Hatteras. Nine are missing.

The American schooner Magindash was sunk August 15 by shell fire. The crew landed safely today.

NINETY-ONE ON CASUALTY LIST

NO CALIFORNIANS ARE NAMED IN REPORT MADE PUBLIC BY WAR DEPARTMENT TODAY

WASHINGTON, August 17.—Today's casualty list carried the names of seventeen killed in action, one death from wounds, two accidental deaths, fifty-two wounded, nineteen missing.

There were no Californians on the list.

THE HIGH SIERRAS

HUNCHBERGERS AND GOODWINS RETURN FROM A SOJOURN AMONG THE PEAKS

Mr. and Mrs. J. G. Hunchberger, their daughter Virginia, and Mr. and Mrs. Harry Goodwin of Garfield avenue (10th street) returned Thursday from a wonderful auto trip to the high, higher, and highest Sierras. While Mrs. Hunhcberger is enthusiastic over her part of the trip, she says it does not compare with the greater experiences of Mr. Goodwin and Mr. Hunchberger, who made the ascent of the highest peaks of the Sierras, a hike of 135 miles, and without a guide. She has promised that Mr. Hunchberger will give readers of the Glendale News an account of it. The ladies did some climbing, too, ascending peaks 8000 feet in air, but for the most part they rested at their beautiful headquarters in Grant Park, which they left Monday, driving from there to the Sequoia National Park, where they gazed in wonder on the biggest trees in the world. Going north they suffered from heat all the way until they reached Grant Park, which was insulated from any torrid waves. Every night while there they slept under two double blankets and as many comforters. It was hard for them to believe the accounts they read in the Glendale News and other papers which reached them daily in their mountain retreat, of the great heat here. The return trip was cool and pleasant all the way, and the party arrived in fine health and spirits.

BIRTHDAY DINNER PARTY

In honor of the birthday of Mrs. R. E. Chase, Mrs. E. W. Pack entertained with a dinner party Friday evening. The rooms were most artistically decorated with vases of fragrant carnations and ferns, the centerpiece for the dining room table was a huge epergne of silver filled to overflowing with California's most luscious fruits while clustered about its base were dainty colored roses. A full course dinner was served by the hostess, whose culinary powers are well known by the many friends who frequently dine with her. A well-trimmed and appetizing birthday cake, lighted with the customary candles, was hugely enjoyed. The guests were Mrs. R. E. Chase, the honored guest, Dr. R. E. Chase, Miss Shirley Chase, Mr. and Mrs. J. Pirtle, Los Angeles. A social game of cards closed a most enjoyable evening.

A DELIGHTFUL PICNIC

The annual picnic of the Ladies' Aid Society of the West Glendale Church was held at Brookside Park last Thursday. The large auto truck was loaded to its capacity, half a hundred in number. Every one had a good time. The boys and girls spent the day swinging and swimming, the young folks played tennis while the women sewed for the Belgian children and had an old-fashioned visit.

Young and old, great and small, came together around the tables at one o'clock. Nothing need be said about the quality or quantity of the menu. Everybody knows the reputation of our Ladies' Aid Society for serving good dinner.

All reached home at 5:30, feeling that it had been a happy day well spent.

RED CROSS ACTIVITIES

In one morning at a hospital in France, the American Red Cross bathhouse accommodated 350 men who had received first aid in the field and been sent to the hospital for treatment. Red Cross men presented each soldier with a comfort bag as he left the bath house and the hospital corps served them with hot coffee and soup.

The American Red Cross is assisting a Paris organization known as the Union des Families to promote gardening among delicate children. The kiddies are allowed to plant small vegetable gardens on the fortifications of the city and the Red Cross permits the use of a barracks for a shelter and rest room.

A Day Nursery to care for 30 babies whose mothers are among the 1500 Belgian refugee women employed in local industries has been opened at Havre, France, by the American Red Cross. Mothers of very young babies are permitted by their employers to visit the Creche at regular intervals to nurse their children. This nursery, which contains necessary beds, bathing facilities, laundry and diet kitchen, is also used as a center to demonstrate proper feeding and care of children.

The Porto Rico Chapter, Fourteenth Division, American Red Cross, supplies guava jelly for sick and wounded soldiers in base hospitals.

Uniforms or badges for Home Service workers were tabooed by the American Red Cross Directors of Civilian Relief who recently met in conference at Washington. It was their unanimous opinion that the real purpose and strength of their accomplishment lies in maintaining a civilian status and rendering service without public notice or advertisement.

The American Red Cross has contributed a quarter of a million dollars to the Commission on Training Camp Activities. This branch of war service furnishes recreation and amusement to men in cantonments, keeping them fit mentally as well as physically.

Packets containing socks, soap, handkerchiefs, combs, mirrors, writing materials and chocolates, were recently distributed to 7,000 soldiers in Italy by the American Red Cross rolling canteens. Similar packets will be distributed to over 40,000 additional troops. Italian soldiers are most appreciative of this interest in their comfort by the Red Cross and declare such treatment kindles their fighting spirit.

The American Red Cross sent out 21,000 articles of clothing, including 500 blankets and 2,000 sheets, during two days when thousands of refugees were pouring through Paris.

RETURN FROM THE EAST

MRS. A. W. TOWER AND DAUGHTER ARE HOME AFTER VISIT WITH RELATIVES

Mrs. Alphonso Tower and daughter Ruth, of 743 South Adams street, returned recently from a three months' visit in Illinois, Indiana and Kentucky. Early in June they attended the commencement exercises of Mrs. Tower's alma mater, De Pauw University at Greencastle, Indiana, where she had the pleasure of meeting many old friends. From Greencastle they went to Anderson, Indiana, to be the guests of Major A. W. Collins and family. Major Collins, who is a brother of Mrs. Tower, has been in charge of the Medical Corps of the 337th Infantry, stationed at Camp Custer. He sailed recently and a cablegram was received last week announcing his arrival "over there." Several pleasant days were spent in Louisville, Kentucky, renewing friendships of high school days. For more than a month they have been with Mrs. Tower's father at his home in Mount Vernon, Indiana. Last week Indiana handed out some regular moist hot weather which made them appreciate California and Glendale more than ever.

THE BIG ENCAMPMENT

Six carloads of veterans and members of Relief Corps of the G. A. R. left Los Angeles Friday evening for Portland, Oregon, where the National Encampment is to be held. In the party were a delegation from Glendale which included Major J. J. Weiler, Commander Clarke, T. M. Barrett and Mesdames C. R. Norton, Myra K. Shuey, Miss Ida Waite and Mrs. Mary Shea. Major Weiler will probably be absent six weeks or two months, as he will visit on his way home his old comrade, Joe Saylor, at Clyto, near San Jose, who was in the same Company with the Major for 4½ years during the Civil War. He will also visit his son, M. H. Weiler, at Capitola.

NEWCOMERS IN GLENDALE

Among the newcomers in Glendale are Mr. and Mrs. McDill, their son and daughter, who have just taken possession of the home they have purchased at 451 East Third street, formerly known as the W. A. Norton house. They come to Glendale from Los Angeles, where they have been living for the past year. Their former home was in Chicago which, until recently, was headquarters for Mr. McDill, who is an International Y. M. C. A. Secretary. He has now been transferred to the west, his field covering the coast states and Utah, Nevada and the Hawaiian Islands. He leaves Monday for the Hawaiian Islands to be gone about a month, his special mission this time being to interest the islanders in the Y. M. C. A. drives.

LIGHTLESS NIGHTS

For the purpose of conserving fuel, orders have been given out from headquarters that all lights usually lighted for publicity purposes, be turned off on Monday and Tuesday evenings of each week. It seems that citizens of Glendale have received no official notice as to this requirement by the fuel commission, and hence the ruling was not complied with in all instances. You may bet your last dollar that merchants of Glendale are loyal to patriotic requests when they know such requests come from official headquarters.

GLENDALE, CALIFORNIA, SATURDAY, AUGUST 17, 1918

CHANGES IN NAMES OF STREETS

Authorized by Board of Trustees of the City of Glendale by ordinance passed July 5, 1918:

Third Street to Wilson Avenue.
Second Street to California Avenue.
First Street to Lexington Drive.
Fifth Street to Harvard Street.
Elrose Avenue and Seventh Street to Elk Avenue.
Ninth Street and Oak Drive to Windsor Road.
Tenth Street to Garfield Avenue.
Sycamore Avenue to Doran Street.
Valley Boulevard to Adams Street.
Tropico Avenue to Los Feliz Road.
Damasco Court and Blanche Avenue to Maryland Avenue.
Lot A. of Witham Tract to be named Chestnut Street, being a continuation of said street.

NOW IS THE TIME TO BE PATRIOTIC

The country is engaged in a terrible war. History is being made fast now. It is of the utmost importance that every man and woman take an active part in deciding who shall occupy positions as law makers in these strenuous times. The war record of every candidate for office should be carefully inquired into. What actual Red Cross, Y. M. C. A., Knights of Columbus or other war activity work have these respective candidates been doing? What amount of money have these candidates paid out for Liberty Bonds and War Savings Stamps? What amount of money have they contributed to the American Red Cross? Real patriotic acts are what count when it comes to the question of giving honest credit for things done.

It is a very easy matter to flaunt the flag of patriotism before an audience when seeking an office, but it may be more difficult for that speaker to cite instances where dollars and cents were spent for the support of war measures and when long and tedious hours were devoted to physical work in promoting Red Cross and war garden work.

Mere words have not produced physical food and clothing for the soldiers. The producers have been the men and women with the plow and the hoe, the sewing machines and the knitting needles. Fellow citizens, why should not this be an honest campaign, a campaign with intelligence and sober judgment in the lead?

VOTE AT PRIMARY ELECTION

The man and woman are slackers who fail to vote at the primary election just as much as is the man a slacker who uses means and ways of avoiding serving his country in the time of war.

Laws as to how the war shall be conducted are made by men who are elected by the voters, and if one man has a right to neglect the important duty of voting, every voter may claim the same right. If at the primary election no votes should be cast for candidates, what would be the condition of affairs? Other nations would brand the United States as being void of National pride, and the accusation would be true if all people should neglect to use the right of franchise. If we wish to take a shot at the Kaiser, just go to the primary election Aug. 27, and the general election Nov. 5 and cast intelligent ballots for candidates. The larger the vote at these elections the greater will it denote that the United States is thoroughly awake to her interests.

WHAT ABOUT THAT VACATION

Conclude your vacation before August 27, the date of the primary election, or do not begin until after the primary election. Whatever you do, be at home on election day to cast a ballot in the most intelligent way possible. When the young men are fighting our battles at the front, we should show a live interest in the affairs of our government.

The man or woman is a slacker or a pacifist who wilfully neglects to vote at elections during war times.

RED CROSS GIVES $900,000 FOR ARMENIAN AND SYRIAN RELIEF

The Red Cross war council has made an appropriation of $900,000 as an additional contribution to the American committee for Armenian and Syrian relief, of which Cleveland H. Dodge, of New York, is treasurer. The money is to be contributed in three installments of $300,000 each to cover the months of August, September, and October.

During the past year the American Red Cross has made contributions to the American committee for Armenian and Syrian relief totaling $3,000,000. This money has been and is being used by the committee for relief work in Armenia, Syria, Persia, the Caucasus, Mesopotamia, Palestine, and other countries in the Near East. All of the contributions were made on the recommendation of the Red Cross committee on co-operation.

Recently the Armenian and Syrian relief committee applied to C. A. Coffin, chairman of the Red Cross committee on co-operation, stating that the need of large sums for relief work in the countries above named is still very great. It was stated that reports from Persia, the Mesopotamia, Asia Minor, and Syria all indicated intense suffering, with people dying in the streets from starvation, and that diseases, such as typhus and cholera, were spreading rapidly. As a result of such conditions the Armenian and Syrian relief committee has been confronted with overwhelming demands for money to be expended during the next few months.

Remember! the men in our Army and Navy do not expect luxuries. Should we at home expect them? Buy necessities and war-savings stamps.

LIBERTY LOAN AND SAVINGS BANKS

The effect of the Liberty Loans and the War Savings Stamps on savings banks' deposits has been watched with keen interest by economists and financiers. The experience of England was very encouraging; in the year 1916 the English small depositors purchased billions of dollars of war bonds and at the same time increased their deposits in savings banks over $60,000,000.

The belief is entertained that the result in America has been very similar to that in England, and that despite the purchase by the American people of some $10,000,000,000 of Liberty Bonds and $500,000,000 of War Savings Stamps, a very fair proportion of which were purchased by savings banks depositors, savings banks deposits have increased.

Full reports have been received from the savings banks in New York State. They show a decrease in deposits for the last year of only $8,000,000, but an increase of 21,252 depositors. The loss in deposits is insignificant; the increase in the number of depositors very significant. With increased cost of living and other war conditions, the decrease in deposits might well be expected; the increase of depositors shows that the saving habit is greatly growing in our country.

WOMEN WHOSE MEN ARE FIGHTING

There is frequently repeated the argument that now is no time to bother with women to vote. Let them wait until there is spare time, until peace, in short. Then the senate of the United States can find an hour or so in which to vote the necessary votes.

We think, whatever other errors this point of view includes, that it commits an unpardonable blunder in ignoring the specially urgent reason why many women should receive the vote at the earliest possible moment. We are thinking of the mothers, wives and sisters of our fighting men. It is impossible to obtain the full ballot of men under arms, even of the living. For those who are dead there is no voice to speak save that of the surviving relatives at home.

Soldiers' letters are by far the best bond of opinion across the seas. There are few enough homes in America which are not already receiving their missives of fact and ideal. It is our best and bravest who are first to go, and it is precisely these elements in our communities which will often be left without power at the polls in those states where women have not yet gained the franchise. Their number will increase with tragic rapidity.

It will take time to obtain the ratification of the suffrage amendment after it has passed the senate. There is, therefore, all the more reason for haste. All the questions of peace, of war, will presently come before the people, and they will remain before the people, no man can say for how many years of the future.

Canada passed a law enfranchising women relatives of soldiers, and thereby obtained an overwhelming vote against pacifism and all its works. It is impossible in this country to distinguish between the women with service flags and those without, and there is no occasion for such a distinction. Women, all women, should receive the vote. What common justice proposes every consideration of obligation to our soldiers and sailors, giving their lives in our cause, supports.

Not only for themselves, but for their fighting men the women of America must have the right to speak with authority in the government of the nation.—New York Tribune.

DECENCY PAYS

The latest city to have a vice crusade based on federal ultimatum is San Jose. Speakers in San Jose Sunday declared that Camp Fremont authorities had served notice that the city must "clean up" or lose the soldiers. Since soldiers spend money and help business, doubtless the appeal will be heeded.

It is startling to observe how this business appeal meets response when all others are ignored. San Jose is probably no worse than other cities in this respect. Nature has always served her ultimatum on these cities—"Clean up or jeopardize the health and character of your young men; clean up, or pollute the inheritance of the next generation; clean up, or weaken the virtue of women and multiply the crimes of men." All this appeal might go unheeded. But when the demand comes, "Clean up, or lose customers for your stores," it receives instant and serious attention.

It is a good thing that this business motive has finally got on the right side. We can remember the time when suppressing even the gambling joints was denounced as "killing the town." Many a town has gone wet on the specious argument that the saloons were "good for business." We have heard the tenderloin, when it was tolerated in Fresno, defended on the ground that its denizens bought clothing and furniture. These motives were contemptible on the vicious side of things and we may concede that they are less than inspiring on the right side of things. But they are at least effective. Men will risk their own lives recklessly, but will take no chances with their money. Only an insane man would fail to lock a bank vault to keep out thieves, but it was terribly difficult to induce the people of New Orleans to put screens on their windows and cisterns to keep out yellow fever. So if the money motive can be put on the side of public decency it is at least the one consideration which is never neglected or forgotten.—Fresno Republican.

BRAVE, BUT NOT ONLY BRAVE, HE WORKS TOO

SAN JOSE, Cal., August 17.—Paul Mauchle of San Jose wasn't satisfied to fight for his country in only one way—he had to be a "soldier of the soil" as well.

Because he lived on Garden street, at 420, he wanted the best kind of a war garden, so before he "joined up" and went to Camp Lewis on his way to France young Mauchle secured a garden manual from the national war garden commission, and with this as a guide proceeded to get after the backyard. He worked diligently in all his spare hours, and by the time he left for camp his beans were large enough to wave good-bye to him.

Some of the finest string beans and corn ever grown here were yesterday presented to the San Jose Chamber of Commerce by Mrs. S. Mauchle, the soldier's mother, who took over the work of the warrior's war garden when he went away.

Dick Brown says, "I can not vote at the primary election. I will be out of town then on my vacation." Such bunk! Dick Brown, the Jones, the Smiths, the Andersons and all other sons old enough to vote should cast a ballot at the primary election August 27.

With the fifteen thousand member mark reached, the Automobile Club of Southern California is now more than twice the size of any similar organization in the world and offers the most complete service to motorists that can be secured. With a branch office and information bureau system that covers all of Southern California and a signposting and map system that penetrates far into the east, the club's activities have really become of national interest.

Botanist—"This, Miss Little, is a tobacco plant."

Miss Little—"How interesting! And when does it begin to bear cigarettes?"

Personals

Mr. and Mrs. Adams and family, of 519 Virginia place, are planning to start next Monday on a trip to the Santa Barbara mountains.

Letters which Mrs. Le Roy Bosserman has received from her husband indicate that he is now in Ewing, Illinois, and will be home about the first of September.

Mrs. J. H. Braly of 205 North Brand boulevard has received a telegram announcing the safe arrival in San Francisco of her husband and his son Arthur, who have gone north on a business trip.

Mrs. Earl Leighton has just returned from San Francisco and from a month's stay in Happy Valley in the Santa Cruz mountains. Mr. and Mrs. Leighton are now leaving for a two weeks' vacation at Catalina.

Mrs. Louis Coole and babe, who spent several weeks here visiting Mr. Coole's parents and Mrs. Coole's sister, has returned to her ranch home near Exeter. Miss Amy Miller accompanied her and will spend the balance of her vacation there.

Mrs. Earl Walker, who has been living the past few months at 1612 Vine street with her mother and sister, leaves today for Cascada, near Yosemite National Park, to join her husband, who is working there for the Edison Electric Company.

Mr. and Mrs. Glen Craig and little daughter Pauline, of 216 West Tenth street, have been spending the week at Hermosa Beach and are expected home tonight. Mr. Craig is recuperating very satisfactorily from the operation he recently underwent in a Los Angeles hospital.

The regular monthly meeting of the Woman's Missionary Society of the Tropico Presbyterian Church will be held next Wednesday evening, August 21st, at 7:45 o'clock. It will take the place of the regular prayer meeting. The subject will be: "The Story of Mines and Lumber Camps," and Mrs. Claire Van Etten will lead.

Dr. Henry R. Harrower is bragging about getting one of the first copies of Gene Stratton Porter's latest book, "A Daughter of the Land," which is just off the press. The doctor hasn't read it yet, so can't report whether it is about a farmerette or not. The author is a warm personal friend of Vice-Chairman Lawshe and his wife, whom they expected to visit with during their sojourn in Indiana this summer.

William Cronin, son of Mr. and Mrs. Neil Cronin of 1501 Milford street, has enlisted in the U. S. Navy and leaves Sunday evening for the Naval Training School at San Francisco. He is an only child and is but nineteen years of age, but is extremely patriotic and anxious to do his bit for democracy. For the past six months he has been employed in San Diego in the Desmond Military Store, where he has come in contact with many army and navy men.

Mr. and Mrs. Claud O. Pulliam accompanied by Mrs. V. Price Brown drove by auto to Fresno recently, where Mr. Brown is now located in business. Mrs. Pulliam states there have been several bad fires there lately, one in a lumber yard while they were there, which the Government is investigating. Mrs. Brown returned with the Pulliams. She expects to join her husband in Fresno this fall.

Mrs. Athol Freeman went to Taft the first of the week to join her husband who, with his father, J. C. Freeman, is working in the oil fields. Mrs. J. C. Freeman went yesterday with the household goods and will locate with her husband at Taft. R. W. Marr and wife, who have been living with the Freemans at 795 Pacific avenue, went yesterday to Tulare, near where they will locate on a ranch.

Mr. and Mrs. Warren Roberts of West Seventh street have just returned from a delightful camping out experience in Dark Canyon, at Idlewild. Mr. and Mrs. C. F. Archer, parents of Mrs. Roberts, accompanied them. They consider it an ideal situation and are enthusiastic over its attractions. Conditions were perfect until the shower came Thursday, which made everything so damp and cold they feared Mrs. Archers health might suffer, so they came home a day or two sooner than they had planned.

Mrs. Lorena Cramer of 553 East Acacia avenue received about the 10th or 12th of the month, two letters from her son Lawrence, one postmarked July 1st, the other July 13th, which evidently came across together. They were brief missives and indicated that he was at the front for he said he had been able to get supplies at the front better than he had expected. He also said his place was "constructed of twigs and leaves which kept the rain out and made a fairly good place for sleeping, but did not afford much in the way of home comforts."

Mothers!

The education of your children is a matter of vital interest to you.

What would happen if their father should be taken away? Would you have sufficient income to feed and clothe them and, also, to educate them as you have planned to do? Wouldn't it be very hard if not absolutely impossible?

Wouldn't you rather do without a few of the "extras" now, and know that the children's education is CERTAIN whatever happens? Wouldn't that give you great peace of mind?

Then assure it by suggesting to your husband the importance of carrying ample life-insurance, or at least, encourage the idea when he suggests it. It is the only sure way.

W. B. Kirk
Home Protector
Los Angeles and Glendale Phones
539 Mer. Nat. Bank Bldg.

Mrs. Anna L. Smith went to Santa Ana Saturday, where she will visit friends for several days and rest.

Miss Lois Duncan of 307 San Fernando boulevard has been spending the week with her friend, Hazel Green, at La Verne near Pomona.

Next week Tuesday evening, August 20th, the regular monthly social of the Ladies' Aid Society of the Tropico Methodist Church will take place. The program is always a surprise.

Miss Ida Myers has been spending the week at Ocean Park as the guest of her niece, Mrs. W. H. Hillman. The Hillmans expect to return the middle of next week to their Glendale home.

Mrs. S. J. Mosher and daughter Ella of 319 South Central avenue have returned from a two weeks' outing at Long Beach. They were accompanied by two other daughters of Mrs. Mosher, Mrs. Carter and Mrs. Gladwin of Pomona.

Mrs. R. V. Hogue of 138 South Orange street, her little son Benjy Hogue, her mother Mrs. Allen, and her sister Mrs. E. L. Tuck, are leaving for Long Beach to remain for several weeks or until school opens. Dr. Hogue will join them Saturday afternoons and Sunday.

If church announcements are not published in Saturday's Evening News the blame rests upon the church commitees in charge of the publicity department and not with the Evening News. The space is yours free of charge providing the notice for publication reaches this office early on Saturday.

FLYING FIELD NAMED IN LIEUT. HIESTAND'S HONOR

The War Department authorizes the following statement from the Division of Military Aeronautics:

It is announced that the new landing field at Fort Meyers, Fla., is named "Hiestand Field," in memory of Second Lieut. Benjamin Hiestand, Aviation Section, Signal Reserve Corps, who was killed in an aviation accident on June 10, 1918, at Dorr Field, Arcadia, Fla., while instructing a flying cadet.

Lieut. Hiestand was born in Marietta, Pa., August 11, 1898. He entered the Air Service on November 3, 1917, being transferred from the Ordnance Department, and received his commission in the Aviation Section on March 21, 1918.

This field is used as a safety landing field and as an auxiliary field for Dorr and Carlstrom Fields, near Arcadia, Fla.

Many of the larger hotels of the country are using no cane sugar in pastries and desserts.

RED CROSS EVENTS

Sept. 20 and 21—Community Harvest Festival.

Persons planning Red Cross entertainments are requested to have dates reserved by telephoning Mrs. Mabel Franklin Ocker, chairman of Bureau of Entertainments. Glendale 918-J.

RED CROSS JANITOR WANTED

Acting Vice-Chairman Olin Spencer, of the Glendale Red Cross Chapter, reports that the efficient boy who has been serving the Chapter as janitor for the modest stipend of $5 a month, is about to take a vacation and some one is needed to take his place. The work can be done at night or any time in the morning before 9 a. m. when the office and workroom open for business. The young man who has been doing the work is patriotic and has been willing to do the work for the small compensation named as his contribution to the Red Cross.

BIG Y. W. C. A. MEETING

Quite a party of women from Glendale, chiefly young women, attended the big meeting Friday evening at Trinity Auditorium, Los Angeles, addressed by Miss Margaret Slatterly, the great Y. W. C. A. worker. Her subject was "Hands Across the Sea," and it was for women only. Those who were there pronounce it a very patriotic and inspiring address, equally applicable to rich and poor, in which she exhorted them to uphold the best traditions of their country and to unite in service, also emphasizing the need for girls as well as soldiers to be "physically fit." A pretty and novel feature of the meeting was the two Y. W. C. A. choruses, one upon the platform uniformed to represent a service flag. There were about 75 singers in that chorus, which gave a special service flag song and other patriotic numbers. The second chorus was stationed in the rear of the hall to provide an echo and response, and there was also considerable community singing. The list of ladies from Glendale who attended included Carol and Lois Duncan and their guest, Miss Green of La Verne, Mrs. O. P. Rider, Ruth Rider, Ruth Ryan, Leda, Nancy and Mary St. Clair, Terza Small and Ethel Preston.

PUPILS PICNIC

The pupils of the Columbus boulevard summer school, conducted by Mrs. Zella Robison, who is also the regular 4th grade teacher of that school, held a picnic yesterday (Friday) afternoon. Five automobiles carried the party with their basket supper to Griffith Park. Those attending the summer school were: Vera and Gladys Swinburne, Mildred Leonhardt, Careta Walker, Robert McReynolds, Charles and Lyman Bosserman, James Fife, Robert Klebert, Myles Van Fleet and Edward Perkins. Those invited to join the party were Cecil Chase, Irene and Helen Robison, Marjorie Sherman and Everett Leonhardt.

Mrs. Robison enjoyed the company of four of the mothers, Mrs. Irene McReynolds, Mrs. Le Roy Bosserman, Mrs. Richard Leonhardt, Mrs. Homer Perkins and Mrs. Klebert.

GARDENING SUGGESTIONS

The first rain, though only a shower or two, has made the gardener's fancy lightly turn to thoughts of planting. Local seedsmen and nurserymen say that if fall crops of potatoes are to be grown, they should be planted right away.

They also say it is none too early to plant peas, bush beans, turnips, carrots or in fact any kind of root crops except sweet potatoes. Kinds of corn which mature early can also be planted with a prospect of getting a crop before frost cuts it down.

INDIVIDUALS HAVE NO AUTHORITY TO RAISE HOSPITAL FUNDS FOR THE WAR DEPARTMENT

The War Department authorizes the following statement from the Office of the Surgeon General:

The collection of funds from individuals for the building of hospitals for wounded soldiers is disapproved by the War Department. Persons who are so doing are acting without authority from the War Department.

The War Department has given no authority to any individual to collect money for the erection of hospitals to care for sick and wounded soldiers.

The War Department wishes to discourage any campaigns of this character, as it has funds for the building of all hospitals required Congress has appropriated sufficient money for the hospital requirements to date, and it is reasonable to assume that it will continue to do so.

A traveling man, one night, found himself obliged to remain in a small town on account of a washout on the railroad caused by the heavy rain, which was still coming down in torrents. The traveling man turned to the waitress with:

"This certainly looks like the flood."

"The what?"

"The flood. You've read about the flood, and the Ark landing on Mount Ararat, surely."

"No, mister," she returned, "I ain't seen a paper for three days."

Advertise it, or advertise for it in the Evening News.

TUBERCULAR SOLDIERS FORM GREAT PROBLEM

LONDON, August 17.—The combined experience of England, France and Italy is enabling America to see "farther than her nose."

One of the greatest after-war problems will be tuberculosis.

In England, soldiers suffering from this disease are being discharged from the army in considerable numbers, and in view of this the American Red Cross is making a careful study of European methods of fighting the white plague.

An interesting and important experiment has been inaugurated by opening a cottage colony at Papworth Hall. Medical men estimate the average consumptive soldier has less than a 50 per cent capacity for work as compared with the healthy working-man. In this experiment the authorities aim at supplementing the handicapped worker's income with the other 50 per cent that he is unable to earn, on the ground that without this subsidy the patient would go under, slowly and painfully, after handing on the disease to the next generation.

At the cottage colony patients will undergo treatment and at the same time work at a suitable trade, the principle being to subsidize the tuberculous labor.

The American Red Cross is watching the experiment with great interest, realizing that the privations and hardships of war are bound to tell on the strongest constitution; and when the boys come home this disease will in all probability be one of the greatest problems with which the United States will have to cope.

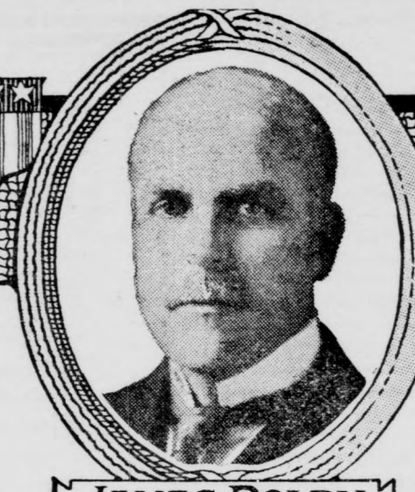
HIRAM W. JOHNSON



JAMES ROLPH

— to continue
Hiram W. Johnson's Policies

(FROM ROLPH'S PLATFORM)

"If elected Governor I shall preserve and carry forward all the great humanitarian, constructive, progressive work of Governor Hiram W. Johnson's administration. It was Hiram W. Johnson's courage and vision that brought about the new order of things in California.

"I think that my career as mayor of San Francisco demonstrates my will and my ability to maintain the rights of the plain people. In my admiration for the accomplishments of Governor Johnson's administration, I include especially the work of those great boards and commissions such as the Railroad Commission, the Industrial Accident Commission, the State Board of Control and the Corporation Commissioner, whose jurisdiction, whose independence and whose character must be protected against open or covert attack.

"I shall, if elected, be on my guard that the efficiency of those boards and commissions for the public service shall not be impaired under any pretense. The men and women who stood so loyally by Hiram W. Johnson need have no fear in leaving his work in my care. Of course, if economy and efficiency can be served by consolidating any of the commissions, I shall approve such consolidation; but in taking such a step I shall be guided by a spirit of fidelity to the progressive ideas which those boards and commissions represent."

Rolph has the resolute courage to *act* and the well-balanced ability to act *effectively*.

Nominate for Governor

JAMES ROLPH

Primary Election, Tuesday, August 27th

RECEIVES 7,000,000 LETTERS FROM SOLDIERS IN FRANCE

More than 7,000,000 letters were received since July 29 from soldiers in France.

Railway mail clerks worked up 80 per cent of this mail at ports in France for cities and railroad routes in this country. The other 20 per cent arrived at the ports in France too late to be worked and was shipped to save time and worked at the New York post office.

On August 2 there were received on one ship 2,823,000 letters, and on the same day a transport brought in 300,000 at another port. On August 5 there arrived on one ship 2,031,000 letters.

This entire mail was immediately dispatched, the last of it leaving before the expiration of 24 hours of the arrival of the ships in port.

GREAT WORK OF AMERICAN RED CROSS

American prisoners of war depend exclusively on food furnished them by the Army and Navy through the American Red Cross at Berne, Switzerland, according to letters which have gotten through. They turn over their regular prison rations to the less fortunate prisoners, from other nations.

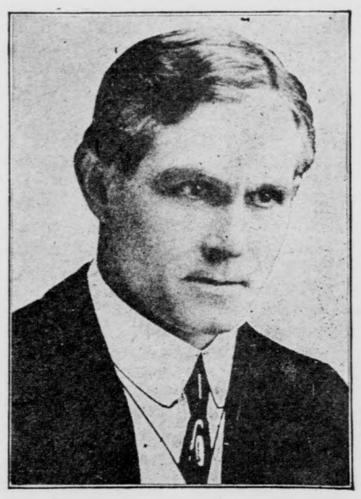
The American Red Cross is establishing a model village at Malabry for families having tubercular members, eighteen demountable houses having been erected in one week. Foundations for 40 more have been laid. These houses are so built that patients can receive outdoor treatment and live under the same roof with their families without endangering the well members of the household.

The American Red Cross has secured the former residence of the German Consul at Laon, France, to be used as a hospital for children with contagious diseases.

FOURTH LIBERTY LOAN WORKERS

Rural school teachers will be called upon to do a big work in the fourth Liberty Loan drive which opens September 28, according to a letter received by Edward Hyatt, state superintendent of public instruction, from D. O. Lively, director of the agricultural division, 12th district.

Lively says in his letter that half of the fourth Liberty Loan will have to be placed in the country, and the country school teachers can very materially aid the drive. "Women are fully as efficient as men in the sale of Liberty Bonds," says Lively, "and all the school teachers should be enlisted for this patriotic work."



MONTAVILLE FLOWERS

Republican candidate for Congress in the Ninth District, will deliver in Glendale High School Auditorium, Tuesday evening, August 20, at 8:15 o'clock, the speech that aroused all Southern California. Subject: **"You, Your Congressman and Your Country."** Every patriotic American should hear it. All invited.

Eugene was a very mischievous little boy and his mother's patience was worn to the limit. She had spoken very nicely to him several times without effect. Finally she said:

"You are a perfect little heathen!"

"Do you mean it?" demanded Eugene.

"Indeed I do," said the mother.

"Then, mother," said the boy, "why can't I keep that penny you gimme for the Sunday collection? I guess I'm as hard up as any of the rest of the heathens!"

A soldier was vaccinated in camp. He wrote about it to his mother, who evidently was not familiar with army expressions: "Dear Mother: I just got shot in the arm."

The response came: "I will arrive on the next train. Mother."

TRAVELING BAGS AND SUIT CASES

The use of the following leathers should be discontinued in the manufacture of suit cases and bags:

Goatskins.

Sheepskins costing more than 16 cents per square foot.

In the manufacture of bags and suit cases leather used for outside covering should be restricted to black, a medium color of tan or brown, and a natural russet.

All traveling bags and suit cases should be restricted to the following sizes: 14, 16, 18, 20, 22, 24, 26, and 28 inches.

Each manufacturer should restrict his output of each style to two of the above sizes.

Each manufacturer should restrict his output of leather suit cases to not more than 18 styles.

Each manufacturer should restrict his output of suit cases, other than leather, to not more than 36 styles.

Each manufacturer should restrict his output of leather bags to not more than 36 styles.

Each manufacturer should restrict his output of bags, other than leather, to not more than 18 styles.

Each different quality or grain of leather when used in the manufacture of traveling bags and suit cases is to be considered as constituting a separate style of either bags or suit cases.

All secret drawers, secret partitions, and secret sections, also false bottoms, false sides, and false tops, should be discontinued in the manufacture of traveling bags and suit cases.

The selling of traveling bags and suit cases from samples should be restricted to one trunk per traveling salesman.

WAR TRADE BOARD TO RULE ON EXPORTS TO SWEDEN

The War Trade Board announces in a new ruling (W. T. B. R. 191) that applications will now be considered for the exportation of all commodities to Sweden.

Exporters in the United States, before filing applications for export licenses, must obtain from the prospective importer in Sweden advice that there has been issued by an appropriate importing association or by the Statens Handel's Kommission a certificate covering the proposed consignment. The number of the certificate should be forwarded by the importer in Sweden to the American exporter. This number should be specified on Supplemental Information Sheet X-104 which must be duly executed and annexed to the application for an export license.

Applications for licenses to export to Sweden commodities for which a Handel's Kommission certificate or an importing association certificate is required will be considered only in the event that the said certificate has been issued subsequently to June 14, 1918. Certificates issued prior to that date will be treated as void.

AVERAGE DEATH AGE

One half of the persons who died in California in 1917 passed away at under 52 years and one half at over this age, according to figures compiled and announced today by George B. Leslie, director of the bureau of vital statistics of the state board of health.

The median age of death or middle point of life rose steadily from 48.8 in 1911 to 52.5 years in 1916, according to Leslie. The median of mortality varies for different diseases.

In 1917 the median ages for deaths from the following diseases were: Typhoid fever, 29.4 years; tuberculosis, 35.9; digestive ailments, 36.1; accident and homocide, 39.5; suicide, 43.4; respiratory diseases (pneumonia, etc.), 52.4; cancer, 61.2; nervous troubles, 62.2; Bright's disease, 63.5, and diseases of the circulatory system (heart diseases, etc.), 68.8.

"Thus," said Leslie, "typhoid fever reaps half its death toll at under 30 years, tuberculosis and digestive ailments at under 35 years; accidents at under 40 years; suicides at nearly 45 years; pneumonia at about 50 years; cancer, nervous troubles and Bright's disease at little over 60 years; and heart diseases at nearly 70 years."

RESOURCEFUL

We're a resourceful nation. An American girl in Paris once halted her millionaire father before a jeweler's shop in the Rue de la Paix and pointed to a tiara surmounted by a coronet.

"Pa, buy me that!" she said.

"Buy you that?" her father chuckled. "Why, girlie, you've got to be a duchess to wear that.

The girl tossed her head.

"You buy it," she said. "I'll find the duke."—Chicago Tribune.

Two Great Sermons

Our pastor is away on a well-earned vacation, but the church's interest does not flag.

For Sunday, August 18th

We have two welcome announcements. For the forenoon unified service. Sunday school at 9:30 to 10:30, then the sacred communion service, followed by a sermon from our well-loved State Secretary, Fred M. Rogers, a powerful, eloquent speaker and a logical reasoner in "The Spirit of the Age." At the evening service, 8 o'clock, R. W. Abberley, our Southern California evangelist, will preach. He is a pleasing, forceful speaker and will have a vital message for all. Tell your friends and urge them to come to the

Christian Church

And you are not even asked to give —only lend—
BUY THRIFT STAMPS.

Just as a Mighty Oak

Can grow from a small acorn—so can a fortune grow from a small bank account.

Both when well started have a steady growth. You can start your account this month. Even though it be a small one at first, if you will steadily add to it in a few years you will have a capital worth working for.

If you live in Glendale, make up your mind to start an account in this Glendale Bank and watch your money grow with the bank and the town.
